Columbia Gas Transmission Greenwood and North Greenwood Storage Fields in Steuben County, New York Available

HOUSTON, September 1, 2010 – NiSource Gas Transmission & Storage (NGT&S) announced that Columbia Gas Transmission plans to make the Greenwood and North Greenwood storage fields in Steuben County, N.Y. available for sale or sublease. NGT&S is seeking expressions of interest in purchasing the fields or subleasing production rights to the fields.

The two storage fields consist of approximately 6,700 total acres – including nine storage wells, approximately three miles of storage pipeline and a 1,000 horsepower compressor station. Of the nine storage wells, four have active injection and withdrawal capabilities and one is an Underground Injection Control (UIC) injection well.

Interested persons may send inquires to: dataroom@nsource.com. An NGT&S representative will respond with instructions for receiving access to an electronic data room, which contains details on the storage fields and will allow users to submit a bid. The data room will be accessible Oct. 1 – 31, 2010.

All bids must be written and required by 5:00 p.m. Eastern Standard Time on Nov. 1, 2010. Please note this is a non-binding process. NiSource and its units reserve the right to take no action as a result.

As subsidiaries of NiSource Inc., the NiSource Gas Transmission & Storage companies include Columbia Gas Transmission, Columbia Gulf Transmission, Hardy Storage, Millennium Pipeline and Crossroads Pipeline. Combined, the companies operate about 15,000 miles of interstate natural gas pipeline and 37 storage fields, delivering over 1 trillion cubic feet of natural gas per year. For more information about NiSource Gas Transmission & Storage, please visit www.ngts.com.
